

Arun Subramaniam

UI Developer | Visual Designer

ABOUT ME

T-Shaped Designer, illustrator and a budding artist who loves minimalistic design approach and having around 7+ years of experience in UI development. Who can solve any front-end problems be it design or development.

WORK EXPERIENCE

Senior UI Developer | Visual Designer / Excelacom

August 2019 - Present

As a part of R&D UI Team, my responsibilities would be creating wireframes, prototypes and High-Fidelity mock-ups, graphical elements for the products. And in terms of development, my responsibilities would be creating HTML prototypes, re-usable components, micro-interactions. I would be creating various charts using illustrator, later it would be implemented through Highcharts.

Below are the area, I would mostly be associated with in my current organization,

Prototyping	Responsive Web Design
Graphical Elements	Micro Interactions
High-Fidelity Mockups	Re-Usable Components
Wireframing	Data Visualization

Senior UI Developer / DigirYTE

July 2016 - May 2019

Worked as a Senior UI Developer for a healthcare product, which was in its inception stage. Responsible for creating wireframes, prototypes and High-Fidelity mock-ups for the product. And as well as the UI development for the product. Led an UI team to build a CSS Framework.

UI Developer / Flintobox

August 2015 - June 2016

As a part of Marketing team my responsibilities would be creating and modifying the web page, emailer based on the requirement. And worked on internal web application as well.

UI Developer / PreludeSys

July 2014 - August 2015

Part of the UI team responsible for enhancing the user interface of all the projects. My work includes creating mockups, marketing collaterals, HTML prototypes.

Graphic Designer / Flintobox

August 2013 - June 2014

Worked as a Graphic designer for a product, which was in its inception stage. I work closely with the marketing team. My main responsibilities would be creating marketing collaterals, product catalogs and I would mostly be creating illustrations for kids as its a kids' product.
